The figure displays three floor plans of a building, each with a central rectangular void. The plans are arranged in a triangular pattern. The top-left plan is rotated approximately 45 degrees counter-clockwise and features eight red circles highlighting rooms along its perimeter. The bottom-left plan is rotated approximately 30 degrees counter-clockwise and features four red circles highlighting rooms along its perimeter. The bottom-right plan is oriented horizontally and features eight red circles highlighting rooms along its perimeter. All red circles are of uniform size and are placed to highlight specific rooms within the building's footprint.
